How Do I Pay??

It's easy! All you need to do is attend the club's registration weekend on the 2nd / 3rd of June 2018 (we will allocate slots for teams but you can attend an alternative session after this time). Here, you can choose to pay annually up front or by convenient Monthly Direct Debits only (mandates will be completed online when you attend). Our fees are calculated for the year (annual membership fee) so any instalments are payable per month regardless of attendance.

You can make a saving by paying your annual subscription charges upfront at a price of £150. Direct Debits will be £15 instalments for 12 months starting on 1st July 2018. All existing Direct Debits will be cancelled after the June 2018 payment has been made.

There will be a small number of forms to complete as part of the registration process in order to satisfy our parental and media consent obligations which are important to ensure your child's safety.

Are there any other costs during the season which we have not mentioned??

There will be an additional one off payment of £40 required for all players. This is a signing off that includes the associated league fees as well as a new full match kit. There will also be an opportunity to purchase over items of DTFC merchandise.

As a recognised community standard club we have a commitment to our players and the local community. We ask that all parents support their coach in finding sponsorship for the team to help assist with additional running costs as well as our community standard commitments. Where sponsors cannot be found teams are encouraged to organise their own fund-raising events which the club and its facilities will support.

Being part of Daventry Town Football Club
